

Cooking Oil Recycling Effort (C.O.R.E)

Fats, oils, and grease are a serious problem for home plumbing and Hillsborough County's wastewater collection system

Here are few simple suggestions to help protect your neighborhood from sewage spills

- Don't flush grease or cooking oil down the sink even if you are following it with hot water or soap.
- Don't put greasy foods down the garbage disposal or drain.
- Before washing, wipe of pots, pans, and dishes with paper towels and throw the towels in the garbage.
- Put your used cooking oil and grease in a sturdy container with a secured lid and recycle it at one of the Cooking Oil Recycle Effort (C.O.R.E) collection locations below:

Cooking Oil Recycle Station Locations
